What is the Year of the Metal Ox?

The Chinese Zodiac Calendar is a repeating 12-year cycle — with one animal assigned to each year. It starts with the rat, followed by the ox, tiger, rabbit, dragon, snake, horse, goat, monkey, rooster, dog, pig. It also has five element years: wood, fire, earth, metal and water.

In 2021, we are approaching the Year of the Metal Ox. Just as the animal of the year you were born influences your life, so does the ruling animal of the current year. The ox represents being grounded, hard work, positivity and honesty.

Birthstone

February: Amethyst

The February birthstone, Amethyst, is said to strengthen relationships and gives its wearer courage. At one time, only royalty could wear the gem. Ancient Greeks thought that the amethyst guarded against intoxication. In fact, "amethyst" comes from amethystos, a Greek word meaning "sober."

Birth flower

February: Violet or primrose

Violets signify watchfulness, loyalty, and faithfulness. Give a violet to someone to let them know you'll always be there for them!

The other February birth flower is the **Primrose**, which lets someone know you can't live without them.
